

Repatriation Document Checklist

Documents required for the international repatriation of human remains. Tick each box as the document is obtained.

A) Repatriation from Turkey to another country

	Document	Issued by / Notes
☐	Death certificate	Hospital or municipal physician, by place of death
☐	Multilingual death certificate extract (Formule C)	Civil registry office (Nüfus Müdürlüğü), after registration
☐	Burial transit permit (cenaze yol izin belgesi)	Municipality (cemeteries directorate / municipal physician)
☐	Embalming certificate	Physician or institution that carried out the embalming
☐	Sealed (zinc-lined) coffin report	Municipal physician / embalmer, when the coffin is closed
☐	Consular repatriation approval from the destination country	Consulate general in Istanbul or embassy in Ankara of the destination country
☐	Air waybill (AWB)	Airline cargo; issued after the booking is confirmed
☐	Public prosecutor's burial permit (forensic cases only)	Chief public prosecutor's office; after the post-mortem
☐	Passport / identity document of the deceased	Next of kin; the original is required during transport
☐	Insurance policy or funeral plan membership details (if any)	Next of kin / insurer; for cover of costs
☐	Receiving person / funeral director details	Funeral director or next of kin at destination: name, telephone, address

B) Repatriation from another country to Turkey

	Document	Issued by / Notes
☐	Death certificate issued abroad, with translation	Local registrar; sworn translation, apostille where required
☐	Turkish consular repatriation certificate (cenaze nakil belgesi)	Turkish consulate in the country where the death occurred
☐	Embalming certificate	Funeral director or physician abroad
☐	Sealed coffin certificate	Funeral director abroad
☐	Air waybill (AWB)	Airline cargo
☐	Municipal burial permit in Turkey	Municipality / cemeteries directorate at the place of burial
☐	Turkish identity card / passport of the deceased	Next of kin
☐	Cemetery details for the burial	Next of kin; cemeteries directorate for grave allocation

This checklist is for general information only; additional documents may be required depending on the destination country. Where death was caused by a contagious disease (cholera, plague, smallpox, anthrax, leprosy, glanders), Turkish regulations prohibit repatriation for one year. Cremation is not available in Turkey.
